## **Dog Bite Victims**

**If you are bitten by a dog, there are several steps that need to be followed for your safety and for the safety of others. After you have been bitten and have been seen at the Emergency Room, the Trion Police will be notified by the E.R. The Health Department needs to be notified by the victim immediately. If it is after working hours, the Health Department needs to be contacted the next day. The Health Department will then take the safety precautions necessary to protect you and the community from further dog attacks.**
